Responding to the Need

In this issue: 6

\* Sports day

“All work & no play make a very dull student”. For the past two years, we have made it a tradition to organize a ‘sports day’ for the children in our schools. We also invite children from other schools to participate. It is becoming an occasion that children, teachers & parents are looking forward to. It is always a day of fun & excitement for young & old alike. Since this sports day is usually at the end of the year, we always seize the opportunity to throw in end of the year party for the children. To top it all, children that attended go home with a package of gift items.
